Key Benefits Offered Under The Plan

Benefits

Details

Death Benefit

In the unfortunate event of Death of the Life Insured anytime during the Policy Term, provided the Policy is in-force, **Death Benefit** shall be payable as a lump sum to the nominee.

Death Benefit is defined as higher of:

- Sum Assured on Death
- Surrender Benefit

Where,

'Sum Assured on Death' is higher of

- Sum Assured
- 105% of Total Premiums Paid till date of death

Sum Assured is a multiple of the Annualized Premium. The Policyholder can choose one of the following Sum Assured Multiples at policy inception-

- 7 times of Annualized Premium
- 10 times of Annualized Premium

The chosen Sum Assured Multiple cannot be changed.

'Total Premiums' means total of all premiums received, excluding underwriting extra premiums, loadings for modal premiums, rider premiums, and applicable taxes, cesses and levies, if any. Discount on first year premium, if any, is excluded.

'Annualized Premium' shall be the premium amount payable in a year chosen by the Policyholder, excluding the taxes, rider premiums, underwriting extra premiums and loadings for modal premiums, if any. Discount on first year premium if any, is excluded.

Staggered Death Benefit Option

The Nominee will have an option to receive the amount of Death Benefit in Annual/ Monthly instalments payable at the end of the year/month instead of a lump sum, over a period of 5 years as per the percentages given below:

Instalments Frequency	Annual	Monthly
Instalment (as % of Death Benefit)	21.80%	1.855%
Total payments (as % of Death Benefit)	109.00%	111.30%

The above percentages are determined using an interest rate of 4.50% p.a. We may revise the instalment based on the then prevailing market conditions subject to prior approval from IRDAI. Also, any change in the methodology/formula for calculating the instalment shall be subject to IRDAI approval.

Once the instalment mode has been opted by the nominee, it cannot be changed later. However, if the nominee would subsequently like to get a lump sum instead of the instalments; a discounted value of the outstanding benefits shall be paid to the nominee as a lump sum. This lump sum will be at least equal to the Sum Assured on Death less any instalments already paid.

Staggered Death benefit – is not available under POS.

On Survival of life insured, provided all due premiums have been paid, Survival Benefit in the form of Guaranteed Income will be paid at the end of each year starting from the first policy year (if '0 Year' deferment is chosen) until Policy Maturity.

Policy Loan

You can take a loan against Your policy once it has acquired a Surrender Value. The minimum policy loan can be ₹5,000 and the maximum 80% of the then applicable Surrender Value less any outstanding policy loan balance as on that date. On exercising this option, the Policy shall automatically get assigned to the Company to the extent of the outstanding Policy loan balance. The outstanding policy loan balance is an amount of loan still unpaid plus all accrued but unpaid loan interest up to the given date.

At any time during the Policy Term when the Policy is in-force (premium paying) or all due Instalment Premiums under the Policy have been paid, and if the outstanding Loan plus Loan interest becomes equal to or exceeds the Surrender Value available under the Policy as on that date, the Company will inform You of the same with a 90-days advance notice to repay such outstanding Loan balance along with applicable interest.

If a Policy is a Reduced Paid-up Policy, and if the outstanding Loan plus Loan interest exceeds the Surrender Value available under the Policy as on that date, then ABSLI shall terminate the Policy.

Any payment of a proceed against Death, Survival, Maturity or Surrender Benefit shall be reduced by any outstanding policy loan balance at that time and the residual value is paid to the nominee or to You as the case may be. ABSLI shall be issuing the loan re-payment schedule at the time You opt for the loan against policy.

At the beginning of a policy year, the policy shall be assigned the latest Loan Interest Rate declared by Company. ABSLI shall declare the Loan Interest Rate applicable to all policies under this product on June 1st of every calendar year which shall be assigned to policies on their next policy anniversary and is equal to the base rate of the State Bank of India plus 100 basis points (i.e. absolute 1%). The compound interest rate applicable as on June 1st, 2023 is 11.10% p.a.
